Dear Public Services Commission:

As a resident of South Carolina, consumer, rate payer and someone who has helped pay for the failed nuclear plant V.C. Summer, I want a permanent fix and not a temporary solution.

Dominion Energy is offering a solution and a plan that makes long term sense. They plan to refund about 70% of what customers have already paid in to the abandoned project. Then they will guarantee a rate reduction. Additionally, Dominion will absorb \$1.7 billion dollars in costs the public hasn't yet seen and reduce the length of the debt.

We all want to move forward from this. Let's do this with a strong energy partner who is willing to share some of the costs with the people of South Carolina. Supporting the merger between SCANA and Dominion Energy will get us there.

Sincerely,

*Carrick*

Dear Commissioners,

South Carolina needs a way to move forward from the V.C. Summer challenge. I believe the way to do this is to support the merger between Dominion Energy and SCANA.

Dominion has a real plan to deal with the costs of the failed project. Their plan makes more sense to me as a customer than a temporary rate reduction forced onto SCANA. Dominion energy will absorb costs, return a percentage of the nuclear costs to customers, as well as guarantee a rate reduction.

I welcome the merger so that South Carolinian electric customers can move forward with a plan that will benefit us for a long time.

Sincerely,

Columbia, SC 29204
